

CHRISTMAS STOCKINGS Instructions

IMPORTANT! All stockings must be the same size. 13 inches tall, and 10¹/₄ inches from heel to toe.

Use GREEN FELT for boys and RED FELT for girls.

Cut two stockings from the pattern and sew together on the outside, using a zig-zag or straight stitch.

Fill the stockings with NEW items and individually wrapped candy

Stuff each stocking to the top, then staple closed with 2 or 3 staples.

Do not pin or sew tops closed.

CHRISTMAS SHOE BOX Instructions

All the boxes need to be the same size, preferably 12" x 7" x 4". They are available in bulk from uline.com.

Fill the boxes with NEW items and individually wrapped candy.

Wrap the entire box and mark the bottom of the box Boy or Girl.

Use wrapping paper that is mostly red for girls boxes, and wrapping paper that is mostly green for boys boxes.

REMEMBER ...

All stockings or boxes must have individually wrapped candy! This is very special for the kids.

We are looking for quality not just quantity. It is better to make less and fill them completely with better quality items. This is the only Christmas present many will receive.

If multiple churches or groups are sending stockings or boxes together, please include a note listing how many are being given by each group.
