## CHRISTMAS STOCKINGS Instructions

IMPORTANT! All stockings must be the same size, 13 inches tall and 10 ¼ inches from heel to toe.

Use GREEN FELT for boys and RED FELT for girls.

Cut two stockings from the pattern and sew together on the outside, using a zigzag or straight stitch

Fill the stockings with NEW items and individually wrapped candy.

Stuff each stocking to the top, then STAPLE CLOSED with 2 or 3 staples.

Do not pin or sew tops closed.

### REMEMBER

All stockings must have individually wrapped candy! This is very special for the kids.

We are looking for quality not just quantity. It is better to make less and fill them completely with better quality items. This is the only Christmas present many of these children will receive.

If Multiple churches or groups are sending stockings together, please include a note listing how many are being given by each group.
